Damate Gorup is the Russian leader in turkey meat production and the third largest in Europe, guaranteeing an antibiotic free, hormone free, clean source of protein poultry. The turkey meat is produced to the highest standards and is nutritious, healthy and packed full of flavor.

According to the results of 2019, Damate Group produced 131 thousand tons of turkey meat, which is 48% more than in 2018. A positive growth dynamics is the result of the systematic implementation of the project for expansion of production capacities up to 155 thousand tons per year, which the company plans to complete in 2020.
